RULE 76.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867"—whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint-stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act—shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant. Such notice shall be published in the British Columbia Gazette and in one daily and one weekly newspaper freely circulating in all parts of the Province. When the proposed Private Bill is of a local nature, the notice shall be furthermore published in some newspaper in the electoral district affected, or if there be no newspaper therein, then in the nearest electoral district in which a newspaper is published. Such notice shall in all cases be continued for a period of six weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

72. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committee charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as afore-said the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall, in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with copies of the notices published.* Such publication to be proved by affidavit or declaration to the satisfaction of the Clerk of the House. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House the sum of three hundred dollars. If a copy of the Bill, Petition, and notices shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. upon giving the notice prescribed by Rule 76, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

78. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills. Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

82. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring $10\frac{3}{4}$ inches by $7\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to be run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By Rule 83, a model form of Railway Bill is adopted. A copy of same can be obtained upon application to the Clerk.

All Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

DOMINION ORDERS IN COUNCIL.

P.C. 1176.

THE FOLLOWING IS A TRUE COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR-GENERAL ON THE 27TH JUNE, 1923.

THE Committee of the Privy Council have had before them a report, dated 20th June, 1923, from the Minister of the Interior, stating that the Vancouver Power Company, of Vancouver, British Columbia, has applied to purchase Fractional Legal Subdivisions 13 and 14 of Section 3, Township 5, Range 7, west of the 7th meridian, con-

taining approximately 38.9 acres, to protect its power-station on adjoining lands.

In 1912, when the Company first applied to purchase the above land, it was under lease for quarrying purposes. It was represented by the Company that blasting operations would seriously affect the power-station, which had cost over \$1,000,000. The Company acquired the quarrying rights, which it has now relinquished to the Department, and the land applied for is therefore clear. Favourable reports have been received from officers of the Department of the Interior showing that the land is not suitable for agricultural purposes, is not valuable for the timber growing thereon, and that the Company should have control of it to protect the power-station. The land has been valued at \$10 per acre and the purchase price has been paid in full.

The Minister recommends that Legal Subdivisions 13 and 14 of Section 3, Township 5, Range 7, west of the 7th meridian, be sold to the Vancouver Power Company at the rate of \$10 per acre.

The Committee concur in the foregoing recommendation and submit the same for approval.

(Sgd.) G. G. KEZAR,

Asst. Clerk of the Privy Council.

The Honourable

The Minister of the Interior.

P.C. No. 1229.

CERTIFIED COPY OF A REPORT OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR-GENERAL ON THE 10TH JULY, 1923.

THE Committee of the Privy Council have had before them a report dated 29th June, 1923, from the Minister of the Interior, submitting that by an Order in Council dated the 2nd October, 1912, P.C. 2695, the Minister of the Interior was authorized to execute an agreement with the Board of Commissioners for the Chilliwack-Sumas Drainage and Dyking Project, in the Province of British Columbia, for the sale to the said Commissioners of twelve thousand one hundred and twenty (12,120) acres of Crown land for the nominal consideration of one dollar (\$1), subject to certain conditions for the reclamation of the said land by drainage and dyking, and that such an agreement, dated the 8th February, 1913, was duly made. The conditions of this agreement were, however, not fulfilled by the said Commissioners and the agreement was therefore cancelled by authority of an Order in Council dated the 14th August, 1919, P.C. 1711.

Application has now been made by the Government of the Province of British Columbia for permission to purchase, for reclamation by drainage and dyking, certain Crown land underlying and adjoining Sumas Lake, in the said Province, in Townships Nineteen (19), Twenty (20), Twenty-two (22), and Twenty-three (23), east of the Coast meridian, comprising twelve thousand one hundred and twenty (12,120) acres, more or less, as set out in the Schedule hereto attached.

The land applied for is within the boundaries and forms part of the Sumas Drainage, Dyking, and Development District organized under the laws of the Province of British Columbia, and it is the intention of the applicants to efficiently reclaim the land applied for, together with other land now in private ownership comprised within the said district.

Investigations made by Engineers of the Department of the Interior show that the land applied for is valueless in its present condition, being either wholly covered by the waters of Sumas Lake or subject to frequent and prolonged submergence therefrom, and that the reclamation of the said land will be in the public interest.

The Minister therefore recommends that authority be given for the sale of the lands applied for to the Government of the Province of British Columbia for the nominal consideration of one dollar (\$1) for the whole area sold, and that he be authorized, as representing His Majesty King George the Fifth in the right of Canada, to enter into an agreement with the Minister of Agriculture of the Province of British Columbia, as represent-

ing His Majesty King George the Fifth in the right of the Province, for the transfer of the Dominion overflow lands in and around Sumas Lake, described in the said Schedule, in accordance with the draft hereto attached, or such modifications thereof as may be found advisable and as may be mutually agreed upon by the parties thereto.

The Minister further recommends that the said agreement be executed as soon as the Lieutenant-Governor in Council of the Province of British Columbia has approved of the arrangements proposed herein and has authorized his Minister of Agriculture to execute the said agreement.

The Committee concur in the foregoing recommendations and submit the same for approval.

(Signed) G. G. KEZAR,

Asst. Clerk of the Privy Council.

To the Honourable

The Minister of the Interior.

MUNICIPAL BY-LAWS.

CORPORATION OF DELTA.

RIVER ROAD DITCH BY-LAW, 1923.

A By-law to provide for the Cleaning-out of the Ditch along the River Road from the North-west Corner of Lot 141, Group 2; thence East along the River Road to the High Land; and for installing a Pump in said Ditch for the Purpose of pumping Drainage-water into the River.

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll, of the property hereinafter set forth to be benefited by the cleaning-out of the ditch along the River Road from the north-west corner of Lot 141, Group 2; thence east to the high land; and installing a pump to take care of the drainage-water, have petitioned the Council of the Corporation of Delta, praying that the Council take such steps and proceedings as are necessary for the carrying-out of the said work:

And whereas thereupon the said Council procured an examination to be made by D. J. McGugan, C.E., being a person competent for such purpose, of the said ditch proposed to be deepened and widened, and has also procured plans and estimates of the work to be made by the said D. J. McGugan, C.E., and an assessment to be made by him of the land to be benefited by such drainage-works, stating as nearly as he can the proportion of benefit which in his opinion shall be derived in consequence of such drainage-work by every lot or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said D. J. McGugan, C.E., in respect thereof and of the said drainage-work being as follows:—

NEW WESTMINSTER, B.C.,

April 7th, 1923.

The Reeve and Councillors
of the Corporation of Delta,
Ladner, B.C.

DEAR SIRS,—In accordance with your instructions, we have examined the dredge ditch from the Green Slough to the foot of the hill near the right-of-way of the Great Northern Railway, with a view towards making recommendations for the improvement of drainage in the district tributary thereto.

We find that the free flow of water in the dredge ditch is much impaired by the presence of logs, roots, stumps, and brush, and that the resultant interference with the flow of the water has caused many places to fill up by silt deposit.

We should recommend that the brush growing in the ditch or hanging over the ditch be cut down, piled, and burned when dry; also that all trees on

the land side of the ditch that interfere with the easy flow of the water be cut down, piled, and either burned or removed; also that all trees on the dyke side of the ditch be cut down and be either burned or removed; also that all the logs, obstructions, and debris in the bottom of the ditch should be taken out and placed on the river side of the dyke. We should also recommend that a drag-line be put in to clear a channel as shown on the profile and cross-sections from the Green Slough to the Crescent Slough, taking out the two old flood-boxes in said channel. We should also recommend that a drag-line be put in to clear a channel from the Crescent Slough to the Tasker Road, 18 feet wide on the bottom and 20 feet wide on the top, and to a depth as shown on the profile; all the dirt in every case to be placed on the river side of the dyke; and removing the one old flood-box in the said channel.

We should also recommend that a pump be placed at or near the end of Crescent Slough to more effectively take care of the water during the freshet season.

The available cross-sectional area of the flood-boxes along this ditch is much reduced by the slats nailed across the inner end of said boxes. By taking these off the boxes will handle much more water.

We believe that these recommendations will effect a very great improvement to the drainage in this district.

We beg to remain,

Yours very truly,

BURNETT AND MCGUGAN.

Per D. J. MCGUGAN.
